

SPRINGFIELD PROCEDURAL CRIB Electric Hi-Lo

Newly updated for 2023, our Springfield Crib offers the functionality of our Standard Cribs, with additional protection for an active child.

This model allows for all 4 sides of the crib to drop for maximum access to the patient by multiple care givers, along with an add on top with vinyl safety panels, providing extra safety for the active patient.

The height of the crib rails are slightly taller, while the vinyl panels are slightly shorter, keeping the overall crib clearance the same
